

Research MRI Training Certification

Part I: Trainee's Acknowledgment

I hereby certify that I, _____, have completed the safety training requirements prior to beginning training on the operation of the Research MRI scanner. The training I received at the University of Iowa MRI center covered the following topics:

- Safety screening subjects
- Subject comfort in the scanner
- Safe operation and emergency procedures in the scanner room
- Basic imaging protocols and operation of research MRI scanner

I understand that I am responsible for operating the magnet in a safe and ethical manner, and my trainer bears no responsibility for my future work on the scanner. I understand that human subjects can only be scanned under the IRB-approved protocol, and that I must obtain informed consent from every subject.
